

Your Newsletter *Growing Older* in *Rhinebeck*

May 1st 2015: This Newsletter is published by the *Town of Rhinebeck Committee on Aging* to report on functions of interest to Seniors and to spread the word about activities during the upcoming months that are of interest or in support of Seniors in Rhinebeck. The Newsletter is viewable and maintained on the Town of Rhinebeck website www.Rhinebeck-ny.gov. Printed copies are distributed in town where Rhinebeck Seniors might visit. We would appreciate feedback from you regarding your experience of these activities and if you know of other things going on in town that we should include in the Newsletter. From time to time, your editor makes egregious errors: if you spot any, please let us know. You can send comments or items for the newsletter to the newsletter editor at 845-876-2683 or caroleleib@mindspring.com.

Note: The printed version of this newsletter no longer contains information that doesn't change from month to month. The 2nd Edition of the *Growing Older in Rhinebeck Brochure* contains that information and is available wherever the printed version of the newsletter is found. We will continue to include the information that remains the same from month to month in the ONLINE version of the newsletter and calendar. The *Rhinebeck Community Forum*, at <http://rhinebeck.wordpress.com/author/gr8full/> lists local events for all ages. Another website that provides excellent information for DC Seniors: Hudson Valley Home Matters is at info@hvhomematters.org. The *Spotlight On Seniors newsletter* is available at: <http://www.co.dutchess.ny.us/CountyGov/Departments/Aging/sosfall2012.pdf>. It's packed with information for DC Seniors. Dutchess NY Connects: is the long-term care services division of the DC OFA. The agency provides information, referral, screening, and (sometimes) assessment and case management, including arrangement and provision of various services. Dutchess NY Connects helps people to stay at home, who are thinking about residential health care facilities, or alternative living. See <http://www.dutchessny.gov/CountyGov/Departments/Aging/14263.htm> for the online long-term care resource directory. The DC OFA offers the following considerations in selecting home care: **Licensing and Reputation:** How long has the agency been operating in the community? Is the agency licensed by a government agency and/or are they accredited by a professional association? Is the agency able to provide “hands on” care or can it only provide companion and chore service? Can the agency provide references from clients?

Training and Supervision: How does the agency select and train its employees? Does it carry professional liability insurance? Does it insure or bond employees who provide financial services or who do banking and shopping for clients? By whom/how often are home care workers supervised? Who can you call with questions or complaints about services? On what grounds can you request a change in workers? Does the agency provide substitutes and how will an emergency request be handled?

Assessment: Will an assessment be performed, who will perform it, and what is the charge? Is there a charge for a reassessment? Will you receive a written plan of care, and how is it updated?

EPIC Benefits: EPIC lowered prescription drug costs for many New York residents over the age of 65 making \$75,000 a year or less, or \$100,000 or less if married. You must be enrolled in a Medicare Part D drug plan and not be receiving full Medicaid benefits to qualify. If your income is \$1277 a month or less, or less than \$1723 for a couple, you may also qualify to have your Medicare premiums paid for you, receive a free Medicare drug plan, and pay only very low drug co-payments. Seniors with questions should call the EPIC Helpline at 1-800-332-3742 (TTY 1-800-290-9138). To apply for EPIC, call 845-486-2555 or visit http://www.health.ny.gov/health_care/epic/.

File of Life: Copies of the *File of Life* are available at 27 High Street in Poughkeepsie during business hours. Each packet contains a magnetic red file that attaches to your refrigerator as well as a red sticker that you place on your front door. When emergency medical responders come to your home, they see the red sticker and know to look for the *File of Life* on your refrigerator. Inside the *File of Life* is your complete medical history including your allergies, medical conditions, blood type, medications you are taking, doctor contacts, emergency contacts, insurance information as well as where to find your Living Will and/or Health Proxy information. This can be a life saver during a medical emergency when every minute is critical.

Food Stamp Eligibility: Did you know that more than 60% of the Seniors who are eligible for food stamps are not receiving the benefit? Many Seniors are considered nutritionally at risk

because they cannot afford to make healthy food choices. Some are even forced to choose between buying groceries and the medication that they need. Food stamp money is now provided to the consumer in an easy to use credit card format. Only you and the cashier at the grocery store will know that you are using food stamps. The average benefit amount is \$90 a month. For more information on how to apply for food stamps, call DC OFA at 845-486-2555 or email ofa@co.dutchess.ny.us. A trained counselor will help you fill out the necessary paperwork and see if you are eligible for any other benefit programs.

Free Emergency Cell Phones: The Sherriff's Office can provide Seniors with a free 911 cell phone that can be used both inside and outside the home in an emergency. These phones are only able to call 911 and will not work for other calls. Call Helen Sample at 845-486-3839 for more information about receiving a phone and how the program works. Seniors who are homebound can receive telephone reassurance through the efforts of trained volunteers with the Friends of Seniors program. After an assessment of the client's needs, the isolated senior is connected with a volunteer who makes telephone contact. Volunteers are always needed for this program and the other services provided by Friends of Seniors. Call them for more information at 845-485-1277. Seniors who live alone should also consider a Personal Emergency Response System (PERS). There are a variety of different options available, but the general idea is to always have immediate assistance available at the touch of a button. Call DC OFA at 845-486-2555 to get a copy of the brochure *Staying Safe at Home*.

Grandparents Raising Grandchildren: Cornell Cooperative Extension administers the Relatives As Parents Program (RAPP). This program was designed to encourage and promote the creation of services for grandparents and other relatives who have taken on the responsibility of surrogate parenting due to the absence of the biological parents. RAPP provides accessible support groups and other supportive services to relative caregivers and the children in their care. The primary goal of the mutual support groups, called “Coffee and Conversation,” is to help the participants find an environment that provides comfort and safety for the expression of their successes and challenges as caregivers of relative children. The secondary goal is to assist caregivers to learn from and help

each other (i.e. peer mentoring, informal care giving among families, etc.). Twice a year the support groups join together for special events: a winter holiday party and a summer picnic. Support groups are held on the 2nd Thursday of every month at St. Paul's Episcopal Church, 161 Mansion Street, POK. Additionally, HEAP offers a furnace repair and/or replacement benefit for households with inoperable heating equipment. If you are eligible for HEAP, another great program you may be interested in is the Weatherization Referral and Packaging program (WRAP) which is designed to help Seniors with energy related problems or needs. If you have a cold, drafty house, a WRAP representative will assess your needs and develop a plan to help you link to weatherization, energy, and other human services and programs in the community. They can even help you apply for the benefits or programs and work to help you obtain the services.

representative for Senior legal issues. Contact him at 845-876-3300. Go to <http://www.co.dutchess.ny.us/CountyGov/Departments/Aging/legalservices.pdf> for the online Updated Dutchess County Legal Services for Seniors Brochure.

Low-Income Housing for Seniors

Wells Manor: Adequate, affordable, and appropriate housing remains a critical concern for Seniors in Dutchess County. Volunteering

Architectural Heritage Sites

Clermont: Clermont is a large multi-faceted historic house museum with a variety of opportunities for individuals to contribute their talents and dedication toward serving the community. Clermont sponsors many special events, as well as offering tours of the mansion and the grounds, and they welcome the help of interested people. Volunteers are invited to training sessions prior to the start of each new season. Additional training on specific tasks is provided as needed. Volunteers are a valuable part of the team at Clermont and are included in the annual regional staff training program. To become a museum volunteer, get a copy of their volunteer's application on their website:

<http://www.friendsofclermont.org/volunteers/index/html> and mail it to: Kjirsten Gustavson, Director of Education, Clermont State Historic Site, 1 Clermont Avenue, Germantown, NY 12526 .

Eleanor Roosevelt at Val-Kill: This historical site is looking for volunteers for: Data entry, receptionist, general administrative work, and general assistance. Contact Kathleen Durham at 845-229-5302.

FDR Home and Museum: Part of the National Park System, the home and Presidential Museum are open to the public. The admission fee also lets you visit the *Vanderbilt Estate, Top Cottage (FDR's hideaway)*, and *Valkill Cottage* (Eleanor Roosevelt's retreat, office, and home until her death in 1962). These properties are an interesting study in contrast of styles. *Vanderbilt*, with its magnificent grounds and elegant presentation, is an impressive structure – and meant to be so. The *Roosevelt* properties are homes that were meant to be lived in. These historic sites offer several ways for someone to volunteer: Volunteer in Parks (VIP), work with park staff giving or backing up tours, and assisting with school groups. To request a Volunteer in Parks application, see www.nps.gov/volunteer or call 845-229-7770.

F.W. Vanderbilt Garden Association: Gardeners, committee members, and plant sale volunteers are needed. If interested, call 845-229-5630.

Staatsburgh State Historic Site (Mills Mansion): This 79-room mansion was the country estate of Ruth Livingston Mills and her husband, Ogden Mills. Volunteers assist site staff by conducting guided tours from **4/1-10/31**, being room docents during open house programs, the holiday season, and other special events, helping in the bookstore and the Museum shop, greeting tours at the door, helping in the office, doing research, cataloging, gardening, and selling food at outdoor events. Volunteers for special events such as the Spring Gala Silent Auction, Tennis Tournament, Shotgun Scramble Golf Tournament, and Children's Outreach Christmas Program, require some special talents: doing hospitality, leading workshops, being cashiers, baking Christmas goodies, and working with children are some examples. The *Volunteer Committee* needs committee members. To volunteer for any of these needs, call 845-889-8851.

Montgomery Place: One of the magnificent Livingston estates built along the Hudson, *Montgomery Place* is a 434-acre riverfront estate, containing orchards, herb and rose gardens, stately woods, and scenic walking trails. The mansion, built in 1805, is furnished with 200 years of family possessions and offers magnificent views of the Hudson River and Catskill Mountains. The estate is now owned by Historic Hudson Valley. Call Sara Price, Director of Horticulture and Volunteers, 845-271-5461, x13.

Quitman Resource Center: located on Rte. 9, volunteers help with the gardens during the Spring, Summer, and Fall seasons, help with events like their Progressive Dinner, and prepare mailings. Call 845-871-1798 for information. The *Palatine Farmstead* is located on Rte. 9, north of the 9/9G intersection, in what was the historic center of Old Rhinebeck. It is currently being restored. It is one of a small number of surviving structures built by first-generation Palatine immigrants. This remarkably intact farmstead, with its house, barn, service buildings, and landscape, was deeded to the *Quitman Resource Center for Preservation*. Volunteers perform skilled and unskilled restoration work, fund raising, public relations, and landscaping. Call 845-871-1798 for information.

Vanderbilt: The Vanderbilt Mansion, built by Frederick Vanderbilt, is an example of Hudson River architecture on a grand scale. In 1984, a group of local gardeners joined together to restore the gardens to their former glory. Since then, the volunteers of the FWVGA have grown to over 100 and have put in nearly 100,000 hours raising money, researching garden history, planting, weeding, and caring for the plants and fountains of the garden. All the money necessary to purchase plants, equipment, and make repairs is raised by the volunteers through various special events, activities, and donations. Non-garden jobs include fundraising, event planning, greeting visitors on the weekends, grant research and writing, and being on various committees. The gardens and the grounds of the *Vanderbilt Mansion Historic Site* are open daily until dusk and admission is free. There is a charge to tour the mansion. Call Jordan at RSVP 452-5104 ext. 109 or email rsvp@dutchesscap.org for information.

Wilderstein: Built in 1852, *Wilderstein* began as an Italianate villa and was transformed into an elaborate Queen Anne mansion in 1888. The building has a polychromatic paint scheme, stained glass windows, and a wide, inviting veranda. The original planting scheme, trails, gazebos, and seats were designed by Calvert Vaux to take advantage of the sweeping vistas of the Hudson. Margaret Suckley -- known as 'Daisy' -- was a cousin and friend of Franklin Roosevelt, and his

dog Fala was a gift to FDR from Daisy. Daisy donated the house and grounds to *Wilderstein Preservation* in 1983, and lived there until her death in 1991. Wilderstein volunteers welcome visitors, conduct guided tours, work in the gift shop, etc.
